

**MODEL CFC  
CLEARFIRE CONDENSING BOILER  
EXTENDED BOILER PRESSURE VESSEL  
WARRANTY**

In addition to our Standard Warranty, Cleaver-Brooks warrants the pressure vessel of this boiler for a period of twenty (20) years from the date of shipment when installed in accordance with Cleaver-Brooks installation documentation and operated in accordance with the Operation/Service Manual.

This warranty covers leaks in the pressure vessel including the furnace, tubes, tube sheet and shell (not including failed gaskets), which, from our inspection, are attributed to unequal or rapid expansion, typically referred to as "thermal shock," or stress cracking. This warranty does not cover damage or failures that are attributed, by our inspection, to corrosion, operation at low water level, accumulation of scale, sludge or dirt in the boiler, or other improper service, operation or neglect.

Cleaver-Brooks' liability hereunder is limited to furnishing a replacement pressure vessel or component parts thereof, as deemed necessary by our inspection. Cleaver-Brooks is not responsible for shipping, handling, installation and other costs, including all costs associated with the removal and disposition of the old pressure vessel or component parts. In no event shall Cleaver-Brooks be responsible for any incidental, consequential or other damages, including, without limitation, any damages resulting from loss of use of the boiler.
